

SOUTH HAMS DISTRICT COUNCIL
SALCOMBE HARBOUR – KINGSBRIDGE
ESTUARY

LOCAL NOTICE TO MARINERS NO 06 OF 2023

Hosepipe Ban

A South West Water hosepipe ban will come into force from 25/4/2023 covering the Roadford Supply Zone, which includes the whole of the South Hams and Salcombe Harbour. This means that it is not permitted to use a hosepipe to clean a private leisure boat.

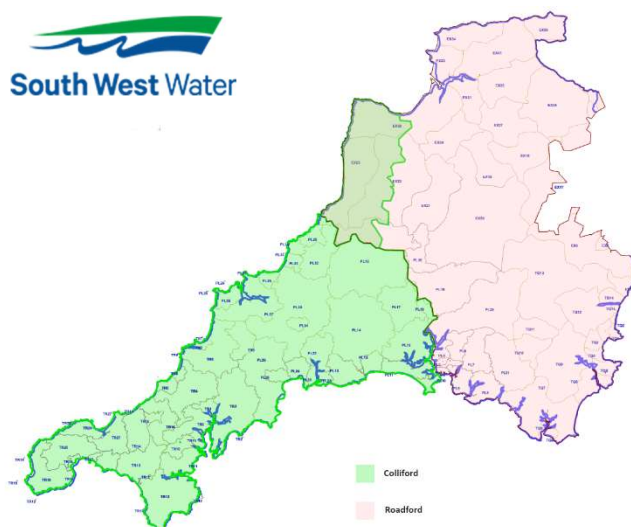

Use of hoses to fill potable (drinking) water tanks onboard boats is allowed.

When moving a small boat between Salcombe Harbour and other locations, it is important to clean the hull with fresh water to avoid transfer of invasive species. During this drought period, we would ask you to do this using a bucket and sponge or similar method to minimise use of water.

All Harbour users – both leisure and commercial – are asked to keep use of water to a minimum, to ensure that taps are properly turned off after use, and also to report any leaks to us.

Further details can be found on the

[South West Water website](#)
